Subject:- Rural Property Tax Ordinance,
1935 - Industrial Buildings.

Rural Property Tax Administrative Instruction
76 lays down the present procedure to be followed in
dealing with the recording in the tax records of sites
of industrial buildings.

2. This procedure although considered satisfactory
in so far as the Tax Distribution List is concerned does
not enable an easy check to be made between the Roll and
Tax Distribution List and again between the latter on
the one hand and the Tax-Payers Register, Register of
Exemptions and Summary Register of Assessments on the
other to find out if the tax records are in order.

3. It is, therefore, proposed to lay down pro-
cedure instructions to enable this check to be made and
for this purpose I shall be obliged if you will supply
me with the following particulars in respect of the sites
of industrial buildings in your Sub-District:-

- (a) Name of Village;
- (b) Block No.;
- (c) Parcel or Serial No.;
- (d) Name of Reputed Owner;
- (e) Total area of Parcel;
- (f) Area shown in the Valuation List as
included in the industrial buildings;
- (g) Tax category of the site of an industrial
building.

REFERENCE :- Your letter NO.RT/8 (3) of 11.3.37
to District Officer, Tulkarem.

It is not quite clear from your Valuation list attached to your letter under reference, whether the amounts quoted refer to the value of the building, or it is the tax due. Both possibilities seem to be not quite to the point, and the owners of these Industrial buildings want to enter objections if the amount quoted is the tax due.

2. I shall be most obliged for an early reply.
